Because such records (in all likelihood, mainly electronic correspondence) are likely most easily produced in electronic form, to minimize effort, resources, and cost on EPA we request that EPA produce records in electronic form. Stated differently, we prefer electronic copies of the documents, but if courier or overnight delivery is necessary, please contact me for delivery or pickup information. We understand that if the requested records are too voluminous, EPA may provide us with access to the records to enable us to review and photocopy them with our own equipment and at our own expense.

Lastly, we are aware of the provisions related to recoupment of actual costs associated with compliance. We expressly authorize in advance charges up to \$100.00 and are happy to provide a check in that amount upon request to avoid any delay. If additional funds are required to process this request, please notify us and itemize all expenses.

Thank you for your prompt attention to this request.

Sincerely,

A handwritten signature in black ink, appearing to read "Matthew Diehr".
